When a stroke disabled him, he refused to take the long count.

He's tough. Like thousands of men and women disabled by accidents and illnesses, he's fighting hard to regain his independence. It's never easy for them. It takes courage to relearn to walk or talk. It takes the skills of many people to provide the help they need to overcome their disabilities. It's help that's expensive. That's why the Easter Seal Society needs you to back these fighters.

BACK A FIGHTER

Give to Easter Seals.

Easter Seals®
